Shellfish Cultivation a Success

MATTAPOISETT SELECTMEN'S MEETING
OCTOBER 11, 1988-by VIRGINIA MORGAN
PHOTOS BY ROBERT FIELD

Initially presented to the Board of Selectmen in July 1985 as a shellfish propagation operation, Robert Field of Mattapoisett Neck Road met with the Board last Tuesday and showed his progress to date with 3/4 inch quahogs grown from seed in one and one-half years.

Mr. Field, a graduate of ORR High School and the University of Maine, where he received a Bachelor of Science degree

in Aquicultural Engineering, majored in a project in filtration for closed-cycle aqua culture which led to a co-inventorship and a patent application.

In 1986 Mr. Field was granted a non-money state grant to permit him to use about three acres of the 21-acre Brandt Island Cove for his project of shellfish propagation. The grant is the first of its kind in Mattapoisett. In October 1986 the Selectmen agreed to waive the first year's permit fee and to extend the permission for three years until January 1989 with an option for renewal.

Mr. Field said the program is a success, as he displayed the 3/4 inch to one inch quahogs he has grown from 1/8 to 1/4 inch seed from June 1987 to October 1988. Started as seed they were enclosed in a sand-filled rack for protection from predators such as crabs.

The present sized quahogs will be transplanted in open ground and allowed to grow naturally now they are no long-

has determined the water is best suited to harvesting quahogs.

Selectmen Chairman William F. Hubbard, Selectman John DeCosta and Selectman Bernard F. Talty were very impressed with the progress to date and are looking forward to the next step when the quahogs will be full grown and ready for market. They wholeheartedly agreed this will be a great benefit to Mattapoissett what with the many areas being closed because of pollution.

In other business, Selectmen:

MET WITH Peter Kortright, Chairman of the Growth Management Committee, Michael Dahill, Sub-committee Chairman of the Growth Harbor Committee, and Dan Ostrye, Committee Member, to discuss the Town Planner and Harbor rules and regulations.

Selectmen agreed to hold a Public Hearing at 7 p.m. Wednesday, November 16th, in the Town Hall Conference Room to inform residents of the proposed changes in the harbor regulations, including mooring regulations. A meeting, prior to the hearing, will be held jointly with Growth Committee members and Harbormaster Steven Mach to review the proposals. To become effective, the rules and regulations must be voted at a town meeting.

Mr. Dahill recommended the regulation changes be published before the hearing. He noted the 10 pages could be condensed for printing in the Presto Press with the full context available at the Selectmen's office for those interested in reading the complete proposals. This method was agreed to by Selectmen.

On another matter, Peter Kortright and Selectmen discussed the town planner to be hired by the town with the \$100,000 funds donated by Keller Company, the proposed developer of the Nunes Brandt Island property, as presented at

essential.

Mr. Kortright mentioned he had spoken to Larry DiCara, Attorney for Keller Company, about the progress of the planner funds. When questioned by Chairman Hubbard on the approximate salary of an experienced planner, Mr. Kortright gave a guestimate of at least \$30,000 for someone with a Bachelor's degree in planning. "We would prefer someone with a Master's in Planning with more experience. It has to be enough money to keep an experienced person without losing them," Kortright added.

Chairman Hubbard said, "We will definitely be following up on the funds for the planner from Keller Company." Selectman DeCosta expressed the feeling the services of a planner, under the supervision of the Selectmen, should be shared with other town departments.

Mr. Kortright added on another matter that a SRPEDD representative will speak to the Growth Management Committee at an open meeting at 7:30 p.m. October 20th at Village Court on Open Space. He invited Selectmen to the meeting at which discussion will also be heard on the recent study committee by town residents on how they feel

HEARD from the Massachusetts Coastal Zone Management (MCZM) Office noting it has reviewed the Mattapoissett Residential/Golf Community in Mattapoissett and expressed serious concerns with the project.

The MCZM's concerns will be included in the Environmental Protection Affairs Impact report. The concerns include: water and sewer services, water quality, fisheries and wildlife, wetlands, open space and recreation and traffic. The report noted, "Given the large scale of this project in an undeveloped area and the high potential for degradation of the water quality in Shaw's Cove from the golf course, other uses of the site should be explored."

RECEIVED A LETTER from Virginia Pelczar-Katsarsky of 4 Tower Road in which she complained of the lack of proper drainage on what she termed town property (Tower Road). She wrote, "Tower Road, which is a dirt road, was in excellent condition until the first rain. It has progressively worsened and now has deep gulleys and is threatening to wash away the end of my driveway again. It is evident that the cause of the problem is water running off the property

WERE INFORMED by Town Counsel Donald J. Fleming of a letter from Attorney Lawrence S. DiCara, representing the Keller Company regarding the proposed sale of the Nunes property to Keller Company.

Attorney DiCara noted in the letter that on or before November 10th Mr. Nunes intends to file an application with the Mattapoisett Board of Assessors for a certification of the amount of conveyance tax due as a result of the proposed transfer. The Board of Assessors must issue this certificate within twenty days of receipt of the application. The amount of the tax due will then be paid at closing, tentatively scheduled for December 8, 1988.

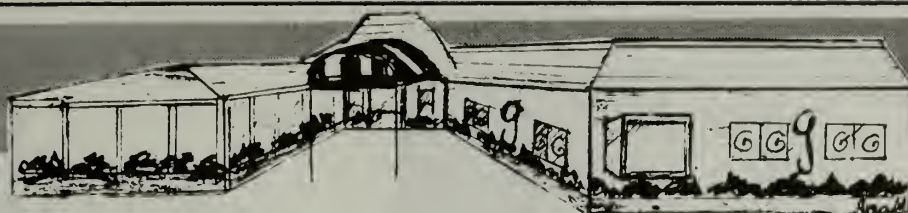

The attorney further states, "We calculate the conveyance tax to be \$375,000, equal to 10 percent of the sales price

of \$7.5 million multiplied by 50 percent, which is the portion of the property which will lose its recreational classification. This is clearly in excess of the amount of the rollback tax that would otherwise be due, in light of the fact that Mr. Nunes apparently only paid approximately \$3,000 to \$4,000 a year in property taxes, even before his property received recreational classification.'

The letter expressed clarification of several issues which have arisen in the discussions concerning the conveyance of the Nunes property to the Keller Company, Attorney DiCara's client; issues such as legislative purposes of the land use; procedural steps to the sale of the property; conveyance versus rollback tax; assessment issues and public use issues.

It was noted in the attorney's letter that the Keller Company has spoken with athletic officials at each of the three public high schools in the Mattapoisett area, Old Colony Vocational-Technical High School, Old Rochester Regional High School and Fairhaven High School concerning the use of the golf course by the golf teams of these respective schools for training and tournament purposes. Finally, the Keller Company has no intention of preventing public access along the beach front portion of the property, as long as no nuisance is created for residents. The possibility of providing a nature trail along open portions of the property adjacent to the golf course has been raised. Our client feels quite strongly that this is not feasible, however, because it would jeopardize security in the private gatehouse residential community and would create significant liability exposure due to the proximity of such public access to golfing activities."

Additionally, the Keller Company intends to donate a conservation/recreation easement which borders the portion of the parcel not being subdivided for individual house lots. This easement will provide that such land be open and unimproved in perpetuity, with the exception of certain golf course related structures. The easement will also be subject to certain haying rights in favor of Mr. Nunes. "The Keller Company has entered into discussions with the Mattapoisett Land Trust, which we envision as a likely recipient of this easement, subject to approval of the Town and office of En-

Marion Selectmen's Meeting

OCTOBER 11, 1988-by EUNICE MANDUCA

A Community Service of the League of Women Voters

At 7:00 p.m. Steven Smith of SRPEDD joined the Selectmen to discuss efforts being taken to protect the Mattapoisett River Valley from further pollution. Under the provisions of Chapter #61, lower tax assessments are granted to those property owners who cooperate in the program which establishes conservation land in the sensitive river valley area. Selectmen Chairman Ted Pratt stated that it is necessary to raise the conscience of all citizens and make them aware of the serious threat of ground water pollution as more and more marginal land is being built upon. How to protect the private property rights of owners and still maintain a safe water supply is a very perplexing problem.

Several residents of the Hill, Oak and Green Streets area appeared before the Selectmen in a continuing discussion about the best way to go about improving the roads. They were advised that a letter is coming from Town Counsel Crotty explaining the legal procedures. The Garcia home is ready to move into but there is no water service

in the road for him to tie into. Town Counsel has suggested that Mr. Garcia is willing to bear the entire cost of bringing a water line down the street to his location. Because there are other lots along the right-of-way, future water services would pay a share of Mr. Garcia's initial cost of installing the line. Mr. Barnes of Green Street expressed strong feelings about his situation and the D.P.W. will meet with Mr. Barnes to see if anything can be done about flooded conditions which result in a wet cellar for Mr. Barnes. One more pole must be moved by the phone company before Tilcon can start work on the Hill Street entrance to Route 6. The Selectmen will call a public meeting when Town Counsel and developers have come up with a plan for finishing all roads in the area in question. The D.P.W. must finish work on the septage ponds first and then they will schedule work on Hill Street.

Chairman Ted Pratt announced that the Ethics Commission had investigated charges of conflict of interest against him and had found no grounds for the complaint against Mr. Pratt as a member of the Board of Health.

A letter of resignation was received from Jan Mendes of the Conservation Commission.

Selectmen invite interested townspeople to apply to fill the vacancy. Mrs. Mendes served on the Commission for 10 years.

Selectman John Hoagland reported that he had inspected the new construction at the

The Selectmen have asked for a report from Police Chief Brian Scott re: the police chase through the village area on October 8th. Both fugitives were apprehended and it was voted to send a letter of commendation to Police Dispatcher Susan Jacobson who was on duty at the time.

Ray Pickles, Executive Secretary, reported that, as a result of the Town House break-in, the Town is advertising for a part-time janitor who will be on duty in the evening and will be responsible for securing the building after all Committees have left.

Board of Health Chairman Loretta Schaefer recommended that all town workers who might be exposed to Hepatitis be given the choice of getting immunized at the town's expense. This would include the D.P.W. workers in the sewer beds and the rubbish truck workers. The Visiting Nurses will make the serum available.

The Board of Health Sanitary Code will be reviewed on October 18th and October 25th at the scheduled hearing of the Board of Health and the Selectmen. Board of Health will vote on the final draft on November 1st. The new Code is an effort to clarify the Title 5 regulations and remove

From Richard Roszkiewica re: inquiry regarding the development of the Threlfall Farm.

From the Planning Board advising Mr. Roszkiewicz of the procedures followed by the Planning Board re: The Threlfall Farm development.

From the Mass. Selectmen's Association, an endorsement to repeal the prevailing wage law. Ray Pickles stated that the prevailing wage law now forces municipalities to pay approximately \$30. per hour for contract labor. Private firms do not have to follow these regulations. A job which a contractor does for a city or town is grossly inflated and this additional money could be put to much better use within our Town. Any amount of state or municipal funds triggers the prevailing wage law. It works out to about \$50,000 per year salary.

SHIPMASTER OF ERNESTINA TO SPEAK

Area residents are invited to join the Mattapoisett Woman's Club for a very special program Thursday, October 20th. Daniel D. Moreland, shipmaster of the historic 1894 schooner, ERNESTINA, will be the guest speaker. Recently featured in the Standard-Times, the Ernestina will soon embark on its first voyage as a sailing schooner. This symbolic cruise will take the Ernestina across the Atlantic, where it will return, fully restored, to the Republic of Cape Verde, which gave the Ernestina

Letter to Selectmen

TOWN OF MATTAPOISETT

Donald Wood and his fire team are to be congratulated on their fire fighting expertise. Yesterday afternoon the William Johnson residence on Samoset Road, Antassawamock was fully involved when the alarm was placed. The police department was on the scene in minutes, followed by the fire trucks.

The location of this home is over two miles from the nearest hydrant and six from town. Every drop of water to put the fire out had to be trucked in. The cooperation of the Mattapoissett Department with our neighboring towns and their support with the truck tankers and manpower was outstanding.

BVI Financial, Tucker Lane - Notice of Intent, continued hearing. Wetland line was accepted as reflagged, and the hearing closed.

Henry Hagemann III, Point Road - Request for a Determination of Applicability. A negative finding was issued, as the proposed project will not alter the resource area.

Michael Bilentschuk, Ridgewood Lane - Continued hearing, Request for Amended Orders. Problem is with stabilization of boulders and soil piled on site. Hearing was continued.

J. Garvin van Doren, Holly Pond Road - Continuing discussion of request for Certificate of Compliance. Town Counsel, counsel for Mr. van Doren, and two members of the Board of Selectmen were present. Perc rate test has been satisfactorily accomplished, and the issue of the house's location on the FEMA flood plain map was settled. Owner's engineers suggested only partially filling trench on property; ConComm insisted on previous agreement to fill entire trench with organic soil. Owner's attorney suggested wetlands line on original site plan was erroneous, present wetlands line should be accepted. ConComm, with concurrence of Town Counsel, insisted that the Plan of Record must stand. Difference between wetlands location shown on plan and existing wetlands indicates that filling has been done. A plan for removal of fill and restoration of marsh must be submitted in 30 days, or an Enforcement Order will be issued.

Elizabeth VanderVeer, Edgewater Lane - Request for Certificate of Compliance. Certificate was voted, will be issued on

Mattapoisett Board of Appeals

Decisions announced by the Mattapoisett Board of Appeals include:

GRANTED A SPECIAL PERMIT to The Peterson Trust, Wayne A. Peterson, Trustor, and Venita C. Peterson, Trustee, relating to property at 58 and 60 Marion Road for construction changes to an existing non-conforming structure, a commercial building. A two-family dwelling is located in the westerly section of the property. A series of three commercial buildings and shelter are in the easterly section. Proposed to extend the front of the building northerly toward Marion Road by 2 feet 10 inches, to install two 12-foot clear double doors on the front of the building and to square off the northwest corner of the building.

In the same application, The Peterson Trust was denied a variance to build a new storage shed which would not meet the 30-foot rear setback requirements. Jarvis C. Stratton, owner of the property abutting to the east, appeared at the public hearing in opposition to construction of the new storage shed, but had no objection to the proposed construction changes to the west commercial building.

at Acushnet Road requested to buy and sell horses, board horses, hiring out of horses for riding; providing horse-drawn hay rides and sleigh rides; operating a horse riding school. The applicants own a total of 35½ acres, fronting on Acushnet Road to the north and Acushnet Road on the east and has been used as a dairy farm by the petitioners for many years. Ten or 11 acres of the dairy farm fronting on Acushnet Road have been set off as house lots. In recent years, the petitioners have kept ten horses on the property for personal and family use. Structures on the property include a barn, a three-sided horse or animal shelter and a corral.

The petitioners state these activities will be conducted by them and family members; there will be no employees except family members.

Because their proposed activities constitute the use of land for agriculture as defined in a Massachusetts' Appeals Court case and consistent with the legislative policy favoring agriculture, this question is whether a Variance is required at all.

The Appeals Board determined the petitioners did not require a variance under the proposed uses.

GRANTED a Variance to Philip C. and Marie E. Fortin, 23 Hitching Post Road, relating to property at 44 Park Street, from the applicable street setback requirement for a structure of a one family dwelling at 44 Park Street. This lot, among others in the Upland Way-Hitching Post Road area south of Park Street, is in the Residence 20 District, which was in existence at the time of the adoption of the 1973 amendment to the zoning by-law which made major changes in the zoning districts of the town. All applicable regulations are met except the 35 foot setback. The front steps or stoop are set back 34 feet from the street, or one foot short of the zoning by-law and they would have to rip out the existing steps, which are set on piers, make grading changes and changes to the cellar window openings for proper drainage.

GRANTED a Variance to John M. Barrett, 5 Reservation Way, Marion, relating to property at 124-126 Fairhaven Road for an amendment to a previous decision relating to the property in the General Business District.

In December 1987, the petitioner's predecessor in title, Victor Bevilacqua, was granted a variance for construction of a residential style building for a combination of business use on the first floor and residence use on the upper floor, the structure to be set back at least 65 feet from Fairhaven Road and 50 feet from Brandt Island Road.

The petitioner presented evidence of a series of land takings in the layout of a state highway (Route 6) by the Department of Public Works in 1925, 1954 and

1976, which widened Brandt Island Road as it intersects with Route 6. The result of these land takings reduced the site of this lot from the dimensions shown on the Assessors' map upon which the petitioner relied in acquiring title to the property and upon which this Board relied in its prior decision.

A literal enforcement of the rear or side requirements and street setback requirement from Brandt Island Road would involve substantial hardship, accordingly the variance is granted. The previous variance has been replaced, and the petitioner is allowed to construct a building 24 feet by 40 feet for a combination home and office use.

DENIED a Variance to Mark E. and Teresa C. Kagan, 65 Long Plain Road, relating to property at 65 Long Plain Road from the applicable 40,000 square foot minimum lot size requirement for the purpose of subdividing the existing lot containing 79,902 square feet.

The petitioners claim they purchased the lot size as 82,014 square feet, when in fact it is 79,902. They considered at the time of purchase they would subdivide sometime in the future. It wasn't

until 10 years later, in 1987-1988, when they proposed to implement this possibility that they learned the true size of the lot.

A variance requires an affirmative vote of four members. The Board has the authority to grant a variance when three prerequisites are in evidence. The Board determined the petitioners can continue to make reasonable use of their property and the evidence was insufficient to enable the Board to find the existence of circumstances relating to soil conditions, shape or topography of the land and especially affecting the land, or that literal enforcement would involve substantial hardship.

REPEAT OF A SELLOUT!!!!

Earlier this year, Pentax announced a new line of lenses. We bought every one of their "close-outs". They were Pentax-made, top quality and fully warranted. Originally sold at \$129.00 or more, we offered them at \$69.00, and they vanished. Now, as luck would have it, we found exactly 14 more in a wholesaler's warehouse. If you own a PENTAX (or Chinon), better move quickly. They are 150mm telephotos.... sharp and top quality. Please hurry. At \$69.00 they won't last long. AUTUMN'S COLORFUL FOLIAGE

Catch the fall before it leaves and join Alan Hankin, Director of the Lloyd Center for Environmental Studies for an exploratory walk about autumn's colorful foliage on October 30th from 1:30 to 3:30 at the Center located at 430 Potomska Road, South Dartmouth. As you walk the trails at the Center, Dr. Hankin will discuss how leaf color is produced, why some trees shed leaves and others don't, and how the soil is enriched by the fallen leaves each year.

"INTRODUCTION TO BIRDING"

Have you ever wondered about the kinds of birds that nest and feed in your yard? Come to the Lloyd Center for Environmental Studies, located at 430 Potomska Road in South Dartmouth, for a one-day course entitled "Introduction to Birding", and begin a lifetime hobby of bird watching.

The course will be offered on Saturday, October 29th, from 9 a.m. to 4 p.m. Steve Reinert, staff ornithologist at the Center, will instruct participants in how to identify bird species using field marks and guides. He will also talk about how to differentiate behavior patterns by watching bird interactions.

The fee for the class is \$10. for members

Carousel Stamps Available

October is National Stamp Collecting Month and in conjunction with this, two representatives of the Sandwich Post Office will be at Heritage Plantation Saturday, October 22nd, from 10:00 a.m. to 4:00 p.m. to offer postal cancellations featuring the newly issued Carousel Stamps.

This year's theme is "For the Ride of a Lifetime - Collect Stamps!". The theme art features the colorful carousel animals block of four stamps to illustrate the fun and excitement to be found by collecting stamps.

Visitors to the stamp table, which will be located in the Art Museum, will not only be able to buy carousel stamps and related memorabilia, but will also be able to ride on a carousel created by one of the wooden animal carvers featured on the new stamps. is not on the Heritage Plantation carousel, but other examples of his fine work are. The Museum Store will also highlight items relating to the carousel.

The Plantation's carousel is in a glass-walled rotunda, located at the center of the Art Museum's two wings. It was hand-carved in wood in Riverside, RI about 1912 by Charles I.D. Looff Company. It originally toured the New England circuit, but later found a permanent home in Fall River. The carousel finally came to Heritage Plantation in 1972 for a complete overhauling, restoration and return to its original condition.

We hope members and carousel fanciers will take advantage of this opportunity to purchase the new stamps, ride our carousel and enjoy the museum's last weekend of the 1988 season.

Membership, as well as admission tickets to the Museum for the day, will be honored for this presentation, and will include admission to all Museum buildings, exhibitions and grounds. Tickets are \$6. for adults, \$5. for seniors 65 or older, children under 12 are \$2.50, five and under are free.

British Military History

AT HERITAGE PLANTATION

In conjunction with the display of Heritage Plantation's British Military Uniforms, Gene A. Schott, Director, will present a lecture "The Toll of Empire Part II: The Sudan" on Tuesday, October 25th, at 7:30 p.m. in the Theatre of the Round Barn.

The uniforms are on loan for the exhibition "British Military Uniforms of La Belle Epoque" from British Military Uniform Collector Meng Chi Tsen.

This second lecture deals with the British Army during the reign of Queen Victoria. (The first lecture was held in the spring.)

Included in the illustrated lecture will be an analysis of Great Britain's interest in the Suez Canal and Egypt, the Dervish uprising in the Sudan, an account of the tragic defense of Khartoum by General Chinese Gordon and the ultimate defeat of the Mahdist rebels of the Sudan by British forces under General Kitchener at Omdurman in 1898.

Although a pacifist at heart, Gene Schott has never been able to control his passion for military history. An early interest in the life of Winston Churchill led him to study the war in the Sudan, a conflict in which Churchill participated in one of the last great cavalry charges of the 19th century.

The lecture is free to members of the Museum. Non-members will pay \$3.00. Please register by calling 888-3300, extension 22.

Walter Owen to Speak

Acushnet artist Walter Owen will give a talk about his work and his life at 2 p.m. October 30th in the browsing area of the library at Southeastern Massachusetts University.

A Michigan native, Owen built his artistic reputation doing portraits, murals and cartoons in New York and St. Louis and later taught at Swain School and New Bedford High School. He is the author of "You Should Write a Book!", a description of his life.

Sponsors of the free talk are the SMU Library Associates. Library parking is in lot 13.

Trireme Reconstruction

PAUL LIPKE TO SPEAK AT WHALING MUSEUM

Mr. Paul Lipke, author and maritime preservationist, will give an illustrated lecture, "Nautical High Tech in the Ancient World: The Athenian Trireme", on November 3rd at 8 p.m. in the New Bedford Whaling Museum Theater.

Mr. Lipke's lecture continues a Whaling Museum series on ancient Mediterranean ships offered under the auspices of the Samuel D. Rusitzky Lecture Fund.

Mr. Lipke is the author of the British Archaeological Report on the Royal Ship of Cheops and Plank on Frame: The Who, What and Where of 150 Boatbuilders.

The trireme, a ramming warship powered by 170 oars, helped Athens dominate much of the Mediterranean world during the Hellenic Age. To resolve some of the questions about its construction and manning,

SENIOR NEWSLETTER

The Guidance Department of Old Colony Regional Vocational-Technical High School has issued the first of a series of Senior Newsletters. The Newsletters are designed to keep Seniors and their parents informed of important dates, events, and policies which will be in effect during the school year. In addition the Newsletter will be used to make parents aware of the various services available through the Guidance Department at Old Colony.

The first Newsletter was mailed to parents on September 30, 1988.

Among the subjects addressed in it are the Cooperative Education program and information for College-Bound Students. Included in the mailing are the recently

The Nemasket Group has contributed a special item, a rowboat, constructed in Fairhaven at the Nemasket Group by artist/boat builder extraordinaire A. D. Tinkham with the able assistance of Matthew Lacoste and Michael Mooney. The composite construction boat, perfect for use as a dinghy or child's first boat, comes painted with oars, oarlocks and towing ring. The boat has a retail value of \$600. The Nemasket Group Boat Shop takes special orders for boats.

The Nemasket Gallery, as an integral part of The Nemasket Group, is dedicated to exhibiting the fine art and crafts produced by artists living and working in southeastern Massachusetts. The Nemasket Group, through the Job Paths Project, offers career training and supported employment to persons with developmental disabilities.

Auction pieces will be previewed October 25-28 from 9:00 a.m. to 4:00 p.m. Reserve bids will be accepted for the 29th. Doors open at 6:00 p.m. on Saturday evening and the auction starts at 7:00 p.m. Refreshments, donated by area residents, will be served. General admission for the auction

Lionel Hampton, Oct. 29

Lionel Hampton, "King of the Vibes", will perform with his band at New Bedford's Zeiterion Theatre on Saturday, October 29th at 8:00 p.m. AT&T is the sponsor of this popular jazz artist. Tickets are priced at \$19.50, \$17.50 and \$15.50 with a \$2.00 discount for senior citizens and students. For more information on tickets, group packages and season subscriptions call the Zeiterion Box Office at 994-2900. Tickets are also available at all Ticketmaster locations.

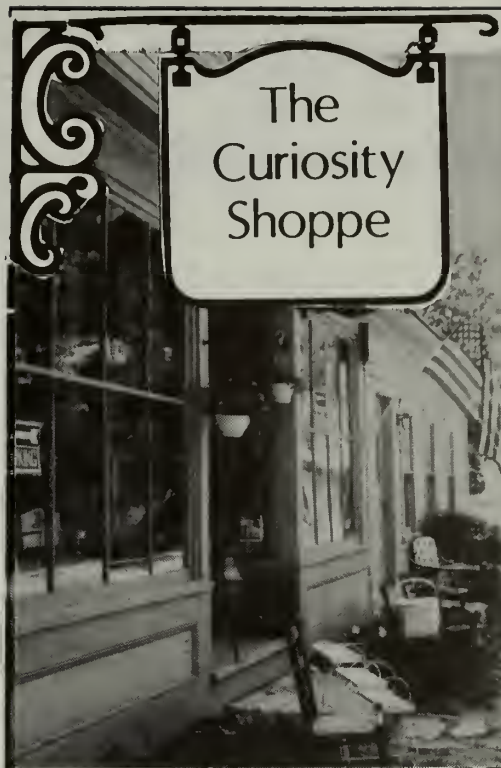

Hampton is well-known for his originality and musicianship as an improviser and melodist. His music has many facets including a rocking, heavily rhythmic style developed from his experience with big bands. He began his career at a very early age, and has been consistently active in his field. As he said, "I worked hard learning harmony and theory when I was growing up in Chicago in the 1920s. I spent hours everyday at a music school for boys that had been started by the Chicago Defender, a black newspaper, for

their newsboys."

From those beginnings he became the first musician to develop a hornlike style on the vibraharp with electrically powered vibrato. He first played this instrument in a recording session with Louis Armstrong in 1930. In 1936 Hampton and Teddy Wilson spearheaded racial integration in American music by playing with Benny Goodman. The "Master of Drums" continues to amaze people with his enthusiasm and legendary jazz.

First Prize and U.S. Trust Artist Award of the 1986 Concert Artists Guild International New York Competition and the 1983 Fritz Kreisler International Violin Competition, held in Vienna, Austria.

This past season Ms. Bachmann made her acclaimed New York concerto debut at Lincoln Center's Alice Tully Hall with the New Philharmonia of Riverside. She is a member of the Carnegie Chamber Players. In addition to being a featured artist and faculty member at the Bowdoin Summer Festival, she is a founding member of Chamber Music South Bristol in Maine.

Her concert is presented in cooperation with Concert Artists Guild (CAG) through a grant from the Helen F. Whitaker Fund. CAG is one of the country's leading management organizations devoted to identifying and developing the careers of outstanding, young classical musicians. With this program CAG recognizes the importance of nationwide exposure in developing a classical music career and offers new performing opportunities for its competition winners. CAG presents this National Presentation Series nationwide featuring several talented musicians. Robert A. Freedman, Executive Director of the Zeiterion Theatre, said, "This is a terrific opportunity for the Zeiterion Theatre Concert Artists Guild has given us an unusual opportunity to enter new territory, and we hope it will be very successful."

eye talk

Q.

Why were my new glasses more expensive than my husband's?

A. Everyone's eyes are different. Some of us need more complicated prescriptions that may cost more.

Your optometrist can tell you if that is the case with you. If your vision requires it, you will have to live with a higher basic cost for your glasses but you can often save on options.

Costs are higher for designer frames or lenses that are large; plastic and tinted lenses; or special designs such as "invisible bifocals" or light-sensitive lenses.

Some options are worth the cost in terms of both fashion and ease of seeing.

Discuss the options with your optometrist after your vision examination. It will help in selecting glasses that fall within your budget and meet your needs and wants.

Rotch-Jones-Duff House

INTERNATIONAL WILDLIFE SCULPTOR
FROM IRELAND TO SPEAK

Patrick O'Hara has a passion for wildlife and will share this enthusiasm with members of the Rotch-Jones-Duff House and Garden Museum and the general public on Saturday, October 29th, at 7:00 p.m. The slide-lecture will take place at the Wamsutta Club, County Street in New Bedford.

While some people paint nature, some photograph it, and others write about it, Mr. O'Hara chooses to sculpt it in the difficult medium of porcelain. Not since the early years of this century, when Leopold Blashka and his son Rudolph were commissioned by Harvard University to make the famous collection of glass flower models, has any artist devoted himself so totally to the three-dimensional portrayal of plants and insects.

His unique contribution to conservation was recognized in 1984, when the United Nations invited him to stage a special retrospective exhibition at the Palais des Nations in Geneva, as a focal point for the International Year for Plant Conservation.

O'Hara's short current lecture tour, co-sponsored by P.J. Carroll & Company Ltd. of Ireland, will bring him to a few selected venues in the Atlantic Coast

states, including the Rotch-Jones-Duff House and Garden Museum. He will talk about the rare flowers he has studied around the world, including China, illustrated with extraordinary and quite unique porcelain sculptures that he makes of plants and creatures from their chosen habitats. Each sculpture is truly a one-of-a-kind creation, never to be repeated.

A resident of County Cork, Ireland, Patrick O'Hara is no stranger to the American scene. His first major exhibition was held at Cartier, New York and his work subsequently has been shown in Chicago, Memphis, and Beverly Hills, - as well as extensive showings in Europe and the Far East. His porcelain sculptures and crystal engravings are represented in many eminent private collections and museums throughout the world including that of the H.R.H. the Duke of Edinburgh.

In the mid-1970s he studied the flowers of the prairies, forest and swamps from Wisconsin down to Louisiana - seeing many of the same plants which John James Audubon had drawn as backgrounds for his bird paintings exactly 150 years before. From the beginning O'Hara has held totally to Audubon's great dictum: "that Nature must be seen first alive and well studied, before attempts are made at representing it".

He tries to be an optimist about conservation. He cannot believe that man could ever be foolish enough to eradicate the plants and habitats upon which we will increasingly depend.

The lecture is free to members of the Rotch-Jones-Duff House and Garden Museum and is open to the general public at \$5.00 per person. For further information and to make reservations please call the Museum at 997-1401.
